

ARAVIND NAIDU BONDA

Electronics and Communication Engineering Student

+91 7207316750 @ aravindbonda2003@gmail.com

SUMMARY

I am a dedicated Electronics and Communication Engineering student with a passion for technology and a strong skill set in programming and project development. I excel in collaborative environments and possess strong communication abilities, always ready to embrace challenges and learn. My hands-on experience in web development and IoT projects showcases my commitment to innovation and growth.

EDUCATION

B.Tech (ECE)

Ramachandra College of Engineering

08/2020 - 06/2024 JNTUK

Intermediate

Sri Chaitanya Junior College

06/2018 - 06/2020 BIE

SSC

Jai Akshara Public School

06/2016 - 06/2018 BSE

PROJECTS

EDUTECHEX Website

EDUTECHEX Website

- Developing an educational technology website using Angular for frontend and Node.js for backend
- Features include dynamic course management, interactive UI, and integration with REST APIs and Firebase for real-time data

IoT Smart Street Light Control

IoT based Smart Street Light Control and Monitoring System

- An IoT-based smart street light control and monitoring system uses sensors and internet connectivity to optimize street lighting
- The system automatically adjusts lights based on ambient light levels and traffic, reducing energy consumption and costs
- Enables remote monitoring and control

STRENGTHS

Team Player

Great team player who is flexible but also enjoys working independently

Interpersonal Skills

Strong interpersonal and communication skills

Hardworking Individual

Committed, result-oriented, hardworking individual with zeal to undertake challenging tasks

KEY ACHIEVEMENTS

Karate Junior Gold Prize

Secured Gold Prize at Junior level in Karate

Karate Pre Senior Silver Medal

Secured Silver medal at Pre Senior level in Karate

Cultural Events Participation

Actively participated in cultural events during school

Technical Event Organization

Organized technical events at college fest Kreya

SKILLS

CSS

Git

GitHub

Google Firebase

HTML

IoT

JavaScript

MongoDB

Python

REST

TypeScript

Node.js

Gmail

Angular
