

ARAVIND NAIUDU BONDA

Electronics and Communication Engineering Graduate

✉ aravindbonda2003@gmail.com

☎ +91 7207316750

📍 Hyderabad, India

🎓 EDUCATION

**Bachelor of Technology in Electronics
and Communication Engineering**
2025

🧠 TECHNICAL SKILLS

Tools

Git, GitHub, VS Code

• C (Basic)

- Variables, Data Types, Operators
- Conditional Statements (if, switch)
- Loops (for, while, do-while)
- Functions and Arrays

HTML

- HTML structure and semantic tags
- Forms, tables, and lists
- Linking pages and images
- Basic responsive layout

CSS

- Selectors and properties
- Box model and positioning
- Flexbox (basic)
- Simple responsive design

AWS (Basic)

- EC2 – launching and managing instances
- S3 – bucket creation and file storage
- IAM – users, roles, and permissions
- VPC – basic networking concepts
- CloudWatch – basic monitoring

👤 PROFESSIONAL SUMMARY

Electronics and Communication Engineering graduate with hands-on experience in full stack development and embedded systems. Skilled in Angular, Node.js, and Embedded C.

📁 PROJECTS

IoT Smart Street Light System

Academic IoT Project – Embedded Systems

11/2023 – 03/2024

- Developed an IoT-based smart street lighting system to reduce power consumption
- Used light sensors to automatically switch street lights ON/OFF based on ambient light conditions
- Programmed the microcontroller using Embedded C for real-time control
- Integrated sensors and hardware components for automated operation
- Reduced manual intervention and improved energy efficiency
- Gained practical exposure to IoT concepts and embedded system design
